Discover Loano

and the Palm Riviera

After a morning spent on the beach it will be nice to enjoy a walk in the ancient “carrugio” among the scents of the focaccia-shops and the colorful shop windows for shopping.

And in the evening, along the seaside promenade and Marina di Loano, the nightlife turns on among the characteristic restaurants and pubs.

Liguria

Naturally extraordinary

Clear waters, enchanting bays, a sea of green and blue.

Memories of ancient villages and civilizations and a cuisine made of traditional Mediterranean flavors.

Active experiences, authentic experiences.

A photograph of a modern swimming pool at dusk or dawn. The pool's surface is calm, reflecting the sky, clouds, and several tall palm trees. A prominent feature is a blue, bridge-like structure with a large, arched opening that spans part of the pool. To the left, a building with large glass windows is visible. The overall atmosphere is serene and contemporary.
