## SNORKELING AROUND GALLINARA ISLAND

The Marina Diving Center of Loano also offers trips to the Gallinara Island, where with just a mask and a snorkel and the guide of a skilled teacher you can admire the fauna and the seabed, where many particular animals and plants live: sea daisies, yellow sponges and Chaetaster Longipes, a very rare type of starfish.

To the arrival near the island you can receive the snorkelling equipment and some information about the underwater life of this area.

Departure from the Harbour of Loano.

3 hour excursion for minimum 7/8 people.

Excursions are from Monday to Thursday, according to the weather conditions.
