

SAILING AND WINDSURFING SCHOOL

The **Circolo Nautico in Loano** organises **sailing lessons**: every day activities with qualified trainers. You can learn to sail and you can learn all the basic sailing manoeuvres and the theory about the sea (winds and drifts). Lessons are for both children and adults, and if you would like, it is also possible to book private specialization lessons.

Windsurfing school for children and adults. Theory with surfing simulations and water practical demonstrations with different difficulty levels. Thanks to these funny activities you can safely surf with middle strong wind.
